Trademark regulation changes in Indonesia.

1. Unlimited class for multi-class application

Before 3 June 2009, the maximum number of classes in a multi-class application is limited to 3 classes. Now, one multi-class application may cover up to 45 classes.

2. Limitation of item of goods/services

For applications covering items of goods/services more than 3 items, the DGIP office will impose surcharge for each additional item.

3. Claiming protection for class heading or broad expression is no longer acceptable. Specification of goods/services must be specific, eg. Clothing, must be specified, shirt, skirt, trousers, short pants, etc.
